## **ACTION PLAN FOR THE IMPLEMENTATION OF THE STUDENT MENTORING PROGRAM**

**Planned start and end dates:** 22.03.21-22.05.21 (2 month)

**Responsible executor:** “UNIHOOD” student organizations of the I. K. Akhunbaev KSMA

**Purpose of the program:** creating a platform for the integration and communication of junior and senior students, for the exchange of practical knowledge and experience in the field of academic performance , personal growth and social engagement.

**Target Group:** mentee students (junior students-1st-2nd year) and senior mentee students (3rd-6th years) and residents.

### **Tasks:**

1. At the end of the semester:
  - improve the academic performance of all mentees;
  - promote the involvement of participants in social activities, research programs, additional medical and non-medical circles and organizations.
2. During the program, organize guest meetings with successful representatives of medicine and other fields for the professional and personal growth of all participants of the program.
3. Organize a mini-conference for the participants, where they will make a presentation on the chosen topic to improve the skills of speaking in front of the public and the ability to make the essence of the presented topic.
4. Organize team building at the beginning and at the end of the program to bring together and establish strong ties between the participants.

### **Monitoring:**

1. Each week, participants will submit reports on their work.

2. Based on the results of the analysis of the report of each pair, individual work will be carried out with each participant to solve the problems that have arisen.
3. At the end of the semester, the mentee will provide information about passing the exams.
4. At the end, a survey will be conducted among the participants about the effectiveness and impact of this program on their student and personal lives.

### **Expected results:**

1. We will graduate 1st and 2nd year students who:

- will have the knowledge to overcome the difficulties encountered during the learning process;
- will have moral support and mentoring of senior students in the future;
- they will have a circle of like-minded peers to implement various ideas and projects;
- will have the skills to perform in public and work in a team.

2. We will graduate students of the 3rd-6th year, residents, who will:

- improve the skills of speaking in front of the public and working in a team;
- they will have a circle of like-minded peers to implement various ideas and projects.

Appendix 1
